TECHNICAL SKILL

- **LANGUAGE** : java,c
- **Frontend** : HTML,CSS,ReactJs
- **Backend** : Nodejs
- **Database** : MongoDB

SOFT SKILL

- Leadership
- Communication
- Teamwork
- Problem Solving
- Time Management

PROJECTS

Project : Student Complaint Portal

Developed a secure web portal that enables students to submit complaints anonymously, ensuring privacy while streamlining the tracking and resolution of reported issues.
GIT Link :

Project : Restaurant Reservation System

Built an interactive reservation platform allowing users to book tables, receive timely notifications before their reservation, and conveniently pre-order food to enhance the overall dining experience.
GIT Link :

Project : Find Room App For College

Developed a React-based campus room finder enabling users to locate free rooms and schedule auditorium bookings via a timetable interface.
GIT Link :

ACHIEVEMENT

- 2nd price in project presentation (KEC-EEE-DEPT)
- 1st price in paper presentation (KEC-EEE-DEPT)
- 1ST Price in paper presentation (KEC-IT-DEPT)

AREA OF INTREST

- Web Development
- Network Architecturer
- Database : MongoDB

CERTIFICATIONS

- MongoDB
- Oracle
- NPTEL
