OBJECTIVE

To obtain an IT role where I can apply my knowledge, enhance my skills, and contribute to the organization's success.

PROJECTS

Student Complaint Portal

- Developed a complaint management portal enabling students to submit grievances anonymously, ensuring privacy and secure reporting. Implemented an admin dashboard to track, manage, and resolve complaints efficiently.

Restaurant Reservation System

- Built a responsive restaurant booking platform to allow users to reserve, modify, and cancel tables seamlessly.
- Integrated real-time reservation status updates to enhance customer experience and streamline table management.

Travel Package Management System

- Built a Travel Package Management System to help manage tour bookings, vehicle reservations, customer details, and travel schedules in a simple and organized way.

ACHIEVEMENTS

- Secured **1st Prize** in a **Paper Presentation** at the SIGNIN event(KEC) for the topic “**AI-Powered Hackathon Idea Evaluation and Ranking System**”.
- Secured **2nd Prize** in a **Project Presentation** at Kongu Engineering College for developing a “**Student Portal**”.
- Secured **3rd Prize** in a **Paper Presentation** at Kongu Engineering College on the topic “**Metaverse**”.
